Defy Me

Defy Me

By Tahereh Mafi

Defy Media

The gripping fifth installment in the New York Times, USA Today, and Publishers Weekly bestselling Shatter Me series. Will Juliette's broken heart make her vulnerable to the strengthening darkness within her?

Defy Meaning

Juliette's short tenure as the supreme commander of North America has been an utter disaster. When the children of the other world leaders show up on her doorstep, she wants nothing more than to turn to Warner for support and guidance. But he shatters her heart when he reveals that he's been keeping secrets about her family and her identity from her—secrets that change everything.

Defy Me

Defy Medical

Juliette is devastated, and the darkness that's always dwelled within her threatens to consume her. An explosive encounter with unexpected visitors might be enough to push her over the edge.

4/3/19

The more I think about it, the more and more I think this really just isn't on the same level as the other books and there's 2 major plot points that I really just don't like, so I'm lowering this to 4 stars or maybe even a 3.5.

4/2/19

4.5 stars?? Something stops me from giving this a full five because there were actually a number of things that I'm not a fan of, but I know from past experience that rereading it helps it feel more real, so I might just have to do that, but still.

I devoured this 4/3/19

4/2/19

4.5 stars?? Something stops me from giving this a full five because there were actually a number of things that I'm not a fan of, but I know from past experience that rereading it helps it feel more real, so I might just have to do that, but still.

I devoured this so fast I didn't even have time to mark it as "currently reading" on Goodreads. but HOOOLLY SHITTTTTTTTT this plot twist had me literally running around my house and screaming!!!!

I'm gonna have to reread this to gather my thoughts for an actual review but here's my first reactions on release day:

â€œNAZEERA CAN HAVE THE BLOOD IN MY VEINS AND THE BREATH FROM MY LUNGS I LOVE HER SO MUCH!!!!

â€œI didn't anticipate I would like Nazeera and Kenji but..... I was into it.

â€œDelalieu deserved better, especially after that whole speech

â€œI literally choked when the plot twist occurred I took a 30 minute break I'm SOOOOOO SHOCKED BUT IT'S GENIUS

â€œEmmaline made me sob. I love her so, so, so, so, so much.

Defy Me

â€the reuniting scene..... was underwhelming. in general, i think this book missed many opportunities to flesh out the description and i wish we could have had a better sense of place/time/characters through that detailing, but it all felt internal monologue and dialogue-heavy. i felt the same about restore me with the info dumps but this one was more pronounced because it was so abbreviated.

â€the entire plane ride scene..... LOVE

â€however, im rllly not a fan of them getting engaged in this book. it was anticlimactic and melodramatic. i'm definitely just being selfish tho bc my expectations were so high. also juliette is 17 and warnette has only been a thing for like 4 weeks???? hmmm

â€her name is juliette not ella and his name is warner, not aaron. final answer.

â€i know i'm saying a lot of negatives but like..... wow. this book just punched me in the gut over and over. so many good lines and moments. however, i feel like there wasn't a scene in this book that i ~loved~. restore me and ignite me and unravel me all had iconic warnette scenes but this one just.... didn't?

â€i LOVED kenji's chapters in this!!

â€warner "killing" anderson..... ICONIQUE

â€winston saying the f word, that's all

â€i cannot wait to get to know nouria and her resistance.

â€warner's birthday um im CRYING

â€LOOK AT NUMBER TEN DOWN BELOW AND TELL ME I'M NOT A GENIUS!!!! HELL YEAH!!!!!!!!!!!!!!

August 2018

8/3/2018

Um the synopsis? I already knew all of this but I'm still bald. if anyone finds some lungs hmu because I need air

8/1/2018

THE TITLE AAHHH!! I was honestly nervous it was gonna be named something dumb like Remember Me or Find Me, but I LOOOVE this title!!! It's sort of like a taunt, like "ooh, try me bitch." I can't wait for Juliette to snap in this book and I love the title and I love the book and sihujflakgf I'm so excite. I hope it's a million pages long. Theories video will probably come out as soon as this has a synopsis and snippet! :)

March 2018

SNAP SNAP I NEED IT YESTERDAY

Ok I have questions (first of all how dare you) but really, here's what I've compiled after reading Restore Me:

1. was warner's memory also erased? because if nazeera recognized juliette, why wouldn't he? If he knew emmaline as wellâ€if they knew each other for a year longer than he knew ellaâ€then wouldn't he have at least recognized emmaline when he tortured her?
2. will she go by ella in future books?

Defy Me

3. was the asylum in book one an asylum for people with powers?
4. did anderson have leila killed to punish warner or did she die of natural causes?
5. if ian's the only one without powers, then what's alia's power?
6. If nazeera has hidden powers, how can warner not sense them? Does he stay quiet about it out of respect? Does she turn them off around him?
7. They say that Juliette being with Warner was an experiment. To do what? To accomplish what? What's warner's role in it? Especially if they don't know he has powers? Did they know she'd overthrow Anderson? Then what's the result from that if they just want her dead now?
8. How did castle get a hold of Juliette's journal?
9. Was Juliette hallucinating the birds? Did she see Nazeera and think it was a bird? Were they real? Is the motif coming back somehow?
10. Okay this one's a bit conspiracy and outlandish, but hear me out: when Juliette gets shot with the "poisoned" bullet, she sees birds and how bright it is and everyone's pupils are dilated because it's so bright. what if that's what the real world looks like but everyone is just under some illusion that it's dark and dead and broken and everyone thinks she's seeing things but in reality she's just seeing what's actually beneath the illusion and that's why castle said the world isn't as bad as we thought it is, because it's actually super healthy but the entire world is being tricked is the entire world an illusion and Juliette saw a glimpse of the real world with her bullet? so the entire world is a programmed illusion either in people's brains or someone with powers or some technological invention and she was somehow shot with something that let her see beyond that?
11. if Juliette went back to the asylum to be tested and experimented on again after her parents gave her up, then why did she sit there for almost a year before warner found her?
12. "Juliette failed their tests a month ago" what tests???
13. If warner knows the supreme commander of Oceania has no children, who did he think he was with when he was 5? HIS MEMORIES WERE TOTALLY ERASED
14. Juliette says there's stacks of notebooks on the desk in her room. is there writing in there from her/emma/her parents??
15. i'm just saying, warner might be a robot. they mentioned it 4 times in restore me.
16. during his panic attack scene, warner says, "this has only happened one other time before" when?
17. Walking through the sector, Juliette talks about missing her old life and it's so weird to think, does she miss her old life with her adoptive parents, or are there memories somehow lingering from life before then with her supreme parents?
18. How did Kenji discover his power? He said in unravel me it came to him when he needed it.
19. did castle know about her parents and lie to warner? is castle working with the enemy or something he was so sketchy in RM
20. If Castle knows her biological parents are going to try to get her back, why doesn't he know their true identity? How can he know they're still alive if he doesn't know who they are?
21. other questions about the poison bullet: Will it have a lasting effect? Did it trigger something in her brain? What if it's slow-moving and it undoes the mental block in her brain and she regains her memories? Did it cause her to hallucinate her friends dying at the end of the book?

Defy Me

there's probably a lot more i didn't write down but it's 8 days in and ya girl is already stressed :)

Defy Me

Defy Me Release Date

Iâ€™M DEAD.

This was SO MUCH BETTER THAN I WAS EXPECTING IT AND I WAS EXPECTING TO BE FANTASTIC THIS WAS EVERYTHING.

This just made it to the third best book in the series for me (Ignite me, Unravel me and Defy me).

Warnette is life. Although the ship name is not the best.

I have one word to describe this book:

EVERYTHING.

And now I have to wait 1 year for the next and final book of this series.

scorching hot tea was served

we have decided to stan forever

Defy Me

Defy Media Lawsuit

After the last book I was so scared to read this one, seriously! Juliette and Warner had gone through such a mess in the first three books, and then the last book was like, nooooooooooooo! And then this, tear my freaking heart apart with the back flash scenes, already. I was balling like a baby!

I loved Juliette in this, loved Warner in this, really loved Kenji in this! Those are my three little children! Nazeera was awesome too, and her character ARC really opened up and shined here!Â

I loved Juliette in this, loved Warner in this, really loved Kenji in this! Those are my three little children! Nazeera was awesome too, and her character ARC really opened up and shined here!Â

There are a lot of twists here, a lot of shocking moments, a lot of me with heart eyes and teary eyes and all kinds of emotional eyes! And that freaking ending was perfect, which only makes me scared for this last book! But I need it now!!!! ...more

UPDATE:

We have a cover! I'm not really happy with it though. I know that probably makes me a bean counter, but I'm used to amazing covers from the other four books so this is kind of a disappointment. It looks almost exactly like the "Restore Me" cover and I just would have wished for another amazing colourful and epic book cover. =) Can't blame me for being such a huge fan, right? ;-P

P.S: I don't hate the cover! All the "Shatter Me" covers are beautiful in their own way. =)

Defy Media Llc

First of all, what was the point of this book?

Really though. What was the purpose? Did we really need a whole 352-page novel for what happened here? I don't think we did. The entire first 25% of the novel could have been removed and it would not have impacted the story in any way.

This is a series that should have remained a trilogy.

I have so many questions about the world building and about the characters and about the fact that all these things and people are coming completely out of left field First of all, what was the point of this book?

Really though. What was the purpose? Did we really need a whole 352-page novel for what happened here? I don't think we did. The entire first 25% of the novel could have been removed and it would not have impacted the story in any way.

This is a series that should have remained a trilogy.

I have so many questions about the world building and about the characters and about the fact that all these things and people are coming completely out of left field and we're just supposed to nod along and accept all the nonsense that's going on.

Seriously, this book was filled with so many twists and revelations, and not in a good way. These twists were of the 'wtf is going on, wtf does this even mean' variety. Like they were added for shock value and not because the story needed it or because they made much sense.

It feels like Tahereh Mafi is just pulling stuff out of her a** at this point and trying to overload us with surprises and twists so we don't realize that this book didn't need to be written.

And this is coming from someone who absolutely loves Tahereh Mafi.

Still, I suppose I was entertained for a few hours of my life. The characters didn't all suck in this one. Well, Kenji, Juliette (now known as Ella, although she will forever be Juliette to me), and Warner didn't. Everyone else from the original trilogy was pretty irrelevant. Also, Nazeera ok, I guess?

Juliette and Warner will forever be goals and I will forever ship them. I have no shame in admitting that their ship is the only thing motivating me to read book 6. That ship, and the fact that I want to see Kenji live happily ever after.

Defy Me

Overall, this book felt pretty irrelevant if I'm honest. Maybe I'm just hating at this point, but I've fallen out of love with this series. Unravel Me and Ignite Me will forever be on my list of favorite YA novels though. Maybe I'll just pretend that the series ended at book three, it's what I did with The Mortal Instruments series and it's worked out fine for me.

If you loved *Restore Me*, you'll like this one too. If you didn't like *Restore Me*, or thought it was 'just ok' then maybe give this one a pass.

My final rating is 2.75/5 because despite being irrelevant and having a really weak plot, I was entertained. Also, I like Kenji. This book gets a star for him alone.

Also, are we all going to pretend that they didn't just slightly photoshop the cover of *Restore Me* and tried to fool us into thinking this one was new? The *Restore Me* and *Defy Me* covers are literally the same! At least the original trilogy had different colors!

It's a mess.

This was one of my most anticipated books of the year and it kinda let me down.

I love the characters so much and they have been with me all these years but *Defy Me* was just a very long novella. There wasn't a consistent plot at all just exposition after exposition and character development.

Now, I adore character driven books but this one was a filler. It would've been better if Tahereh just called this book a novella, but I guess the release of *Shadow Me* sort of ruined the novella part. It's a mess.

4.5 STARS! this book defied the "senselessness trope"™ of all the series!

Today is not forever. Happiness does not happen . Happiness must be uncovered, separated from the skin of pain. It must be claimed. Kept close.

Protected.

Ladies and gentlemen, girls and boys—and transgenders of course—REJOICE! The impossible has happened, and I, Mary the Merry, hereby announce that I am writing my first five-star review of a Shatter Me book! *gasps* Is that even possible?

No, it's not; there was even a proph 4.5 STARS! this book defied the "senselessness trope"™ of all the series!

Today is not forever. Happiness does not happen . Happiness must be uncovered, separated from the skin of pain. It must be claimed. Kept close.

Protected.

Ladies and gentlemen, girls and boys—and transgenders of course—REJOICE! The impossible has happened, and I, Mary the Merry, hereby announce that I am writing my first five-star review of a Shatter Me book! *gasps* Is that even possible?

No, it's not; there was even a prophecy for it, written by none other than the all-knowing George R.R. Martin himself.

As it goes, one deep dark night, as the mist swallowed the silhouettes beneath the trees, as the owls hooted and the ghosts haunted the forest of the Readers, he whispered with his voice made of the cold cold wind, the famous words into my ear:

When the sun rises in the west and sets in the east, when the seas go dry and mountains blow in the wind like leaves, when your to-read shelf is empty and you have reviewed all the books you have read ... then will you give a Shatter Me book five stars and not before.

As you see, the sun and sea are fine thank you very much, so the prophecy has not yet been fulfilled—4.5 is not 5! But still, a miracle nevertheless...

Look, I have always loved the characters and relationships, and devoured the books of the series—but the plot has always had this too convenient feel to it, and the world was just senseless. To the point where even Oxford Dictionary agreed! I'm not kidding, here's proof of what it showed when you searched "senseless"™:

There you go; now you believe me. Of course, don't go searching it now as it's been removed after the greatness that was Defy Me.

Defy Me

As I predicted in my review of cover, it had that sharp and heartbreaking brutality I'd been hoping forâ€”the cover gave out all the right vibes!

Full review to come! I'll be listing the contradictory plotlines and loose ends of the original three books and telling you why Defy Me was the saviour of the series :)

â€¸ â€¸ â€¸ â€¸ â€¸ â€¸ â€¸

[6 April 2019]

door bell rings: ding

IT'S HERE!

I'm TERRIFIED, PETRIFIED, HORRIFIED, and STUPIFIEDâ€”A bunch of people are saying goodbye to the series, another bunch are saying this is better than Restore Meâ€”and I'm dying. Drowning!

Fingers crossed it's better than Restore Me (3.75 â€”...â€”s) and equal to my highest rated Shatter Me book, Unravel Me (4.25 â€”...â€”s).

I mean, the recently released novella Shadow Me (4.25 â€”...â€”s) was very promising and literally one of the best of the whole series!

Whatever, I'm hopeful and scared to be hopeful ðŸ˜—

â€¸ â€¸ â€¸ â€¸ â€¸ â€¸ â€¸

[14 Mar 2019]

I didn't actually want to review the cover but I've seen many people saying it's exactly like Restore Meâ€”and it's really not.

While I honestly adore Tahereh Mafi's other books/series, I'm really not the biggest fan of the Shatter Me booksâ€”don't get me wrong, I do enjoy reading the series.

However, I can't deny that some of the negative vibe around the cover is a little out of place. I love how Restore Me and Defy Me look together, it's all aesthetics :)

Defy Me

They're similar enough to belong together, but still quite different. Even though it might not be obvious if seen separately on screen.

Here are the two:

OK, that's honestly different. You're, of course, welcome to dislike itâ€”that's your opinion. But don't say it's like they copied and pasted it. Srsly.

Also Tahereh said that the paperback cover is a lot more silver than it looks on the screen. And silver and purple together have always been my weakness :)))

Here's a picture Tahereh Mafi shared of the two together, as the screen does mess it up a lot:

I specially love the eyelashes and how the whole design with its details promises a lot more sharp and heartbreaking brutalityâ€”which I hope it delivers! ...more

defy me was better than i was expecting, but still not as good as i wanted it to be. the fifth instalment in the shatter me series starts right after where restore me ended and the first thing i noticed? how small this book is. having considered the previous book in the series to be completely pointless, the size of this one made me wonder if these two couldn't have just been one longer book. needless to say, i was right.

tahereh mafi is one incredible author. from her works, the only complaint i've always had was the overly flowery writing, since more often than not it was confusing and took me out of the story. however, and something i had already noticed in restore me, it was kept down to a minimum on this one. unfortunately, the author dropped something i didn't particularly like and opted for something that, in my opinion, is way worse: dumping information. i get it, there's a lot of things that we're only now finding out, but there are a lot of ways to get the reader to know about said things. tahereh chose the lazy way - having one single character drop all the information on the other characters, with the latter asking extremely convenient questions or just straight up repeating what was said, to make sure the reader knew exactly what the information was.

in the first few chapters, nazeera explains to everyone else who juliette is - only, it's from kenji's perspective. kenji's pov in this book was entirely pointless, and i think defy me would've benefited from a ton of other povs, including nazeera's. wouldn't it have been much more interesting to see nazeera find all that information herself, instead of seeing her give what is essentially a monologue to the other characters? it felt unnatural, and it made me disconnect with what she was saying. still from kenji's pov, you get pages and pages regarding his non-existent relationship with nazeera. and for what? juliette is missing. warner is missing. shit is going wild. why do we need scenes of these two making out and -omg you're so beautiful i've never seen anyone as beautiful as you? ?

so much from defy me were flashbacks - i think almost half of it were flashbacks, actually. to a certain extent i can understand how some scenes would be relevant, but never the amount we got. all the author needed to do was tell me about the things that happened ages ago (which she did) and that's

Defy Me

it, i would've understood. it seems as though this book was too short, so they decided to add a bunch of irrelevant scenes that they thought people would like to see so that they could get away with selling this as the 5th book in the shatter me series.

i've mentioned this before, but i'll say it again since it remains relevant. where is warner from the first few books in the series? it was painful to be inside warner's head in this book, since he was two completely different people. at the beginning, away from juliette, or ella, he was the warner i fell in love with when shatter me was only a trilogy " smart, cold but caring. as soon as juliette showed up? " love juliette, my princess, my queen, i will be the dirt you walk on if i have to" . it's so boring and annoying. she's all he thinks and cares about, and i hate that about him. some scenes were sweet, don't get me wrong, but it was just too much.

"aaron always fell in love with her. every time."

"i will love you for the rest of my life. my heart is yours. please don't ever give it back to me."

the last few chapters " trash. or should i say, fan service. you're telling me that these people, who now know the truth about almost everything and the danger they might be in, are just going to sit around cracking jokes and getting engaged? not on my watch. the last 30% - not even exaggerating " did not need to exist. there are people that are dying, kim. i mean, we got what? ten pages about warner going on and on about whether or not he should buy ella a ring? honestly, warner, ask me if i care. and there were also inconsistencies that were clearly ignored when editing. i mean, warner gets shot and then ella sees him "unharmed" . but wasn't he just shot? america, explain.

i was actually thinking of giving this 3 or 4 stars, but then everything went downhill. from tropes that i hate - dead means dead. deceased. puff. gone. " to chapters that didn't need to exist. i'm honestly glad that there's only one more book in the series.

4.5~...

Por Warner..

Esta quinta entrega la estaba esperando desde hace tanto tiempo, estaba tan ansiosa por que llegue el 2 de abril para poder leerla.

Y me encantó³..

Todo el libro está; contado por capítulos de Kenji, Warner y Juliette.

Amo los capítulos de Kenji, amo a ese chico, no podía parar de reírme, con Nazeera y en coqueteándose y sus charlas, todo fue divertido.

Nazeera no me cae mal, incluso me gusta para Kenji, pero aún no confío completamente en ella.

Después mi amor Warner.. me desesperaba 4.5~...

Defy Me

Por Warner..

Esta quinta entrega la estaba esperando desde hace tanto tiempo, estaba tan ansiosa por que llegue el 2 de abril para poder leerla.

Y me encantó.

Todo el libro está contado por capítulos de Kenji, Warner y Juliette.

Amo los capítulos de Kenji, amo a ese chico, no podía parar de leerme, con Nazeera y con coqueteando y sus charlas, todo fue divertido.

Nazeera no me cae mal, incluso me gusta para Kenji, pero aún no confío completamente en ella.

Después mi amor Warner.. me desesperaba no tener noticias de él, yo solo esperaba que estuviera bien y que nadie me lo tocará por que yo misma entraré al libro para matar a esas personas.

Me encanta tanto ese personaje, que cada vez que seguía un capítulo de Kenji, yo decía, "ya tiene que haber alguno de Warner, POR FAVOR" . Sufrí mucho.

Juliette, con el final de Restore me también quede muy preocupada por ella (más por Warner, por que sé), y al comenzar Defy me no podía creer todo lo que le pasaba. Pero la amo aún más, en este libro el personaje se luce como se lució en Ignite me, yo me quedaba fascinada con cada acción que realizaba. Era sorprendente su manera de pensar y de accionar. Evolucionó de una manera impresionante, que me hacía sentir muy orgullosa de ella.

Y ni hablar de Warner, en este libro lo amo aún más como siempre, amo su carácter, su humor, su personalidad, su amor. Todo. También como personaje hay una excelente evolución. Estaba tan desesperada por leer este libro ya y todo por él.

En cada capítulo algo shockeante pasaba que me dejaba con la boca abierta. Tiene un desenlace increíble. Y todo el trasfondo que creó Tahereh de la historia es sorprendente, no me podía esperar nada. Además lo arranque a leer ya teniendo un cariño por todos los personajes y eso influye. La escritura sigue siendo impecable.

La escena de los reencuentros casi me hacen llorar, era lo que más esperaba, arrancaba cada capítulo esperando que sucedieran.

Tuve algunos problemas con escenas alternas que sentía que no encajaban bien con la historia, eran escenas necesarias, pero no les vi el sentido. Por eso no gano las cinco estrellas, igual fueron pequeños problemas, todo el libro me encantó.

Y le agradezco a Tahereh de verdad por ese final, que por suerte no es abierto. Quedan cosas inconclusas que se resolverán en el próximo libro, pero al menos, estaré todo un año esperando tranquila con este final, no como con el de Restore me.

En fin, un libro sorprendente, emocionante, que te deja con el corazón en la garganta, con personajes con una gran evolución. Muy recomendado si ya eres fan de la saga.

Ahora, voy a escribir mis sentimientos con spoilers, así que si aún no leíste el libro, no sigas leyendo.

. .

- Veamos, como cagan a palo a Juliette sus padres biológicos, no me lo esperaba, están locos esas personas, odie como la torturaban, pero ante todo aquello Juliette nunca enloqueció, siempre trato de mantenerse cuerda y eso es admirable.

- La escena de Kenji con Nazeera en la habitación, no podía parar de reír, igual no era el momento correcto, con Juliette desaparecida y mi Warner, Kenji tenía que tener la cabeza en la tierra. Amo sus capítulos, es tan de oro, es un personaje tan querido.

- Las visiones (o recuerdos) de Warner y Juliette, me sorprendió que hayan Sido tantos los recuerdos que los obligaron a olvidar, y los amó a todos, eran tan tiernos los dos de chiquitos hablando, jugando. Siempre hubo una conexión especial, siempre fueron el uno para el otro. Y fue toda su vida que se encontraban y se olvidaban, pero se volvían a encontrar y volvían a enamorarse. Es increíble cómo sus propias familias le hicieron todo eso. Y Anderson vivo y bien, este hombre tendrá que estar muerto, y no, esta vivo y coreando, arruinando vidas.

- Cuando al fin Warner cuenta donde está y cómo está, dios sufría tanto, Me lo estaban envenenando y todo por su propio padre y también Juliette siendo torturada por su Madre, fue horrible. Quiero entrar en la historia y proteger a mis bebés.

- Ame la escena en la que Warner mata a Anderson, fue espectacular, y en la que Juliette mata a su madre la disfrute tanto.

- Cuando Juliette se encuentra por primera vez con Emmaline, lloró de impotencia por todo lo que le hicieron a esa pobre chica, le arruinaron la vida y la estaban matando. Pero ella nunca se rindió y estaba decidida a ayudar a su hermana para que lograra un cambio. Y Juliette que la quería rescatar y llevarse igual, ya quiero saber qué pasará en el siguiente libro.

- El encuentro de Kenji y Juliette fue precioso, esos abrazos son increíbles.

- Y el de Warner y "Ella" fue increíble, cuando Warner le dice "Amor", ustedes no saben cuánto espere esa escena, en mi interior estaba haciendo una fiesta. Todo fue hermoso entre ellos, en el avión, sus charlas todo.

- El hecho de que ahora Juliette quiere usar su nombre de "Ella", entiendo el por qué, pero para mí siempre será Juliette, por qué es el personaje que mas me ha sorprendido de todos los que he leído

Defy Me

hasta ahora en mi vida como lectora y aunque sean la misma persona, siempre será Juliette para mí.

- Cuando Warner le está por proponer casamiento... Quede shukkk. Aunque ese no era el momento, me encantó. Me amó como Kenji los interrumpió. Se aman y eso no hay duda, y si siento es muy temprano para que se casen, pero hoy están vivos, mañana no se sabe, yo los apoyo al cien. Quiero que sean felices.

- Cuando se encuentran todos con Castle y demás, y después los dos están en la pieza y lo hacen, que escena tan intensa, ya me la esperaba por que siempre sus escenas son así, pero que bonita fue, y lo que pasa después, cuando le propone casamiento. Yo estaba festejando y casi lloro.

- Y el final, con el cumpleaños de Warner, también casi lloro de felicidad, se lo merecía, se merecía esa fiesta, todo ese capítulo narrado por Juliette fue hermoso.

Ahora voy a estar muy ansiosa para leer la boda en el siguiente libro, la espera me dolerá pero con este final puedo sobrevivir.

En conclusión, el libro cumplió con todas mis expectativas, e incluso más, tuve el pequeño problema de que me gustó mucho, pero todo es grandioso. ...more
