Finale

Finale

By Stephanie Garber

Finale Of Devastation

Welcome, welcome to Finale, the third and final book in Stephanie Garber's #1 New York Times bestselling Caraval series!

Finale

Finale Of Promise

A love worth fighting for. A dream worth dying for. An ending worth waiting for.

Finale Of Eternity

It's been two months since the Fates were freed from a deck of cards, two months since Legend claimed the throne for his own, and two months since Tella discovered the boy she fell in love with doesn't really exist.

Finale Notepad

With lives, empires, and hearts hanging in the balance, Tella must decide if she's going to trust Legend or a former enemy. After uncovering a secret that upends her life, Scarlett will need to do the impossible. And Legend has a choice to make that will forever change and define him.

Finale

Finale Definition

Caraval is over, but perhaps the greatest game of all has begun. There are no spectators this time: only those who will win, and those who will lose everything.

Finaled

Welcome, welcome to Finale. All games must come to an end!

Tour Update: Bustle has just revealed all the stops for the Finale tour, along with the first chapter of the book! <https://www.bustle.com/p/see-where-fi...>

Update: My US publisher has just announced their preorder gift for Finale. They've created 1,500 Decks of Destiny and if you're a US resident you can get one. For more information check out their site: <https://read.macmillan.com/promo/fina...>

Update: My US publisher has just announced their preorder gift for Finale. They've created 1,500 Decks of Destiny and if you're a US resident you can get one. For more information check out their site: <https://read.macmillan.com/promo/fina...>

Update: Finale finally has an official summary! The one that's been up is from an early draft--and no longer accurate--so I'm really excited to share this new summary with all of you:

A love worth fighting for.
A dream worth dying for.
An ending worth waiting for.

It's been two months since the Fates were freed from a deck of cards, two months since Legend claimed the throne for his own, and two months since Tella discovered the boy she fell in love with doesn't really exist.

With lives, empires, and hearts hanging in the balance, Tella must decide if she's going to trust Legend or a former enemy. After uncovering a secret that upends her life, Scarlett will need to do the impossible. And Legend has a choice to make that will forever change and define him.

Caraval is over, but perhaps the greatest game of all has begun. There are no spectators this time: only those who will win, and those who will lose everything.

Welcome, welcome to Finale. All games must come to an end!

More good news: Finale has a cover and I am in love with it! Entertainment Weekly has just revealed it,

Finale

they also let me share a few thoughts about the book and ending the series, if you're curious:

<https://ew.com/books/2018/10/19/steph...>

Good news update: The pub date for Finale has just been moved up. It is now releasing on May 7, 2019!

For everyone who's been wondering what is going to happen in this book, there is now a description for it up on Amazon and I am so excited! (<https://www.amazon.com/Finale-Caraval...>)

Just be warned, this summary contains spoilers for Legendary. xo ...more

Finale Of Game Of Thrones

I refuse to die until I read this book and find out what the hell is Legend's agenda and thatâ€™s a THREAT

Yes I've finished reading one of the best series of all time, and Stephanie is a HUUGEE stunner, she's absolutely fascinating and I enjoyed every aspect of the book, not even a single act didn't disappoint me! Finale is completely different from Caraval and Legendary it's just more enchanting but in a kind of way darker and alluring!

The structure of Caraval World is so unique and brilliant that I wish I was living in it, all the details of the book are so wonderful and you can feel every page is filled with hard work from the deepest parts of Stephanie's heart! I really love Tella being stronger than ever she's really fabulous when it comes to the relationship with Scarlett! The Fates are pretty interesting and intense, reading Finale was very important for me and it gave me so many mixed feelings that in some parts I didn't know whether I should cry or laugh!

The romance parts are so so intriguing, I love how Garber has portrayed the two love triangles, and the ending of them were so unexpected and unbelievable! The final chapter is told from the perspectives of Tella & Scarlett which brought new emotions seeing the two sisters have passed the previous events and that was such a powerful act from Stephanie, she really has perfected the details of the Caraval World and it was absolutely mind-blowing! The third installment is as stunning as Caraval and Legendary but for me FINALE is even more close to my heart because it has more passion and it has lots of parts that left me speechless!

Finishing Finale was one of my most memorable experience, it had everything in it, Stephanie has merged magic, fear, betrayals, blood and love in such a perfect way and has created a World that will delight everyone! I highly recommend you to pre-order Finale, or if you haven't still started to read the first and second book you must order them because the Caraval series is the best one I've ever read!

Finale Of Revelation

â€˜a love worth fighting for. a dream worth dying for. an ending worth waiting for.â€™™

i mean, i dont think i can describe this book any more perfectly than that - the blurb from the inside cover jacket. in essence, this is exactly what this story is. and i think many caraval fans will be pleased with this finale and find it worth the wait, as i do.

this isnt my favourite installment in the series, as it takes on a different pace and direction than the previous books, but its still unbelievably goo â€˜a love worth fighting for. a dream worth dying for. an ending worth waiting for.â€™™

i mean, i dont think i can describe this book any more perfectly than that - the blurb from the inside cover jacket. in essence, this is exactly what this story is. and i think many caraval fans will be pleased with this finale and find it worth the wait, as i do.

this isnt my favourite installment in the series, as it takes on a different pace and direction than the previous books, but its still unbelievably good. where the first two stories focus on games, mystery, magic, and illusion, this book focuses on personal relationships, futures, and what makes a life worth living and dying for. as i said, its a different tone, but still just as valuable to the series, the characters, and overall story.

i thought everything was wrapped up neatly and satisfyingly in this conclusion. there werent really any moments the shocked or thrilled me, but i feel very content with how everything turned out. and, if anything, i really hope jacks gets a spin-off series, because i am craving more of his messy and tricky ways. he truly deserves his own finale.

â† 4.5 stars ...more

WHOS POINT OF VIEW IS IT THOUGH

Finale Software

"Every story has four parts: the beginning, the middle, the almost-ending, and the true ending. Unfortunately, not everyone gets a true ending. Most people give up at the part of the story where things are the worst, when the situation feels hopeless, but that is where hope is needed the most. Only those who persevere can find their true ending."

This is definitely a review I never thought I'd be writing. I've been fangirling over the Caraval series since an arc landed in my lap in 2016, and I had no reason to believe that Finale would be any less enjoyable for me than Caraval (5 stars from me) and Legendary (4 stars from me). Unfortunately, this one just didn't work for me the way that the other two did, and instead of bashing this book, I'd like to take a few minutes to detail below WHY this book didn't work for me, so that as a reader you can decide for yourself what to think. I do encourage you, if you're a fan of the series, to pick this up for yourself and come to your own conclusion, as my opinion is likely unpopular and in the minority. Caution for minor spoilers below for the previous two books in the series.

Finale picks up in the wake of where Legendary left off. Tella is still pining after Legend, yet playing coy as he visits her in her dreams, and Jacks is still in play, so we have a bonafide love triangle up until the very end of this novel. Unfortunately, this was a big part of my problem with the book. Donatella is such a strong female in the previous novels, and I felt she was reduced to a simple love interest in this final installment. Sure, she does one big thing at the end of the book, but for 99.9% of the novel, there's a slow, repetitive narrative of inner monologue and whiny dialogue that grated on me. I'll admit that this could be because I'm an adult, and this is YA fiction, but I also think other readers will pick up on this and have a hard time processing that this is the same adventurous heroine we came to love in the first two books.

At the same time, Scarlett is mad at Julian because he has abandoned her for 6 weeks, and in the meantime she has been exchanging letters with the real count, her former fiance, and their correspondence has resulted in Scarlet deciding to pit the two men against each other in, yes, another competitive love triangle! Hooray for all of the love triangles! Thankfully this one doesn't last as long as the one listed above, and honestly felt like filler to make the book have a padded page count. Scarlett does play an arguably more important role in this installment, and I do applaud Garber for attempting to give this girl a strong character arc, but it felt a bit forced and politically correct. I want strong female leads as much as the next person, but a total personality change in the final book of a trilogy felt a little off for me.

Finale

I think my favorite part of this book though is that we finally get a deeper look into The Fates, and while it wasn't as much as I'd hoped for, I found myself fully engaged in these sections. I loved the "history" and folklore surrounding how they were created and what role they have played, past and present, in the shaping of their fantastical world. I can't say too much about this, but Finale does hinge its plot on one of the fates, and how this particular one ties Scarlett, Tella, and Paloma to the story.

Unfortunately, I found the ending to be rushed, skimmed over, and tidy beyond all reason, which really works for some readers, but is tough for me. I'm a masochistic reader, and I want my characters to be cost something, so when everyone shows up flawlessly alright with all their dreams come true, I shake my old lady fist at the sky and wonder why I bothered reading this if no one had to survive any form of loss? Maybe I was supposed to find this in Paloma/Paradise (who, let it be known, ALSO HAD A LOVE TRIANGLE YES WE'RE UP TO THREE NOW), but her portion is so slim that I didn't really get a chance to know her.

I know it sounds like I didn't like any portion of this book, but I truly did love the concept and still remain a huge fan of the series/author. Overall I found this particular installment just didn't flow with how the first two were written. This could be because this is the first book that didn't have the suspenseful backing of the mystery of Legend's identity or a game of Caraval to keep the pace racing, or maybe it's the fact that I'm not a huge fan of love triangles, slow burning, repetitive descriptions, and endings that so neat and tidy that they are beyond happily ever after. I'm definitely interested to see where the author chooses to take us next, and I sincerely wish her all the best and success in her future endeavors! <3

*Many thanks to the publisher for providing my review copy via NetGalley. ...more

Man, I should not have kept my expectations this high :/

I was way too excited for this to come out. You know how hard it is to wait a whole year for a book-only for it to turn out to be garbage.

I refuse to believe this is related to the Caraval series. I just cannot believe it. There was so much in the previous books and this one didn't have anything except for a LOT of cringey- very cringey- romance.

I think the author got way too carried away with her fans' request for more Legend and Tell Man, I should not have kept my expectations this high :/

I think the author got way too carried away with her fans' request for more Legend and Tella. Sure I was one of those people but I didn't ask for this much.

If you're a fan of romance then you'd undoubtedly love this- just keep your expectations low. ...more
